

KINTRONIC LABS REPAIR SERVICES

Kintronic Labs offers complete **REPAIR SERVICES** for RF contactors, RF inductor assemblies or other related RF components. We will have loaners available in some cases for temporary installation to facilitate continuous onair operation while repairs are being made. Repair quotes based on inspection of the used components are provided at no charge other than the cost of roundtrip shipping to and from our facilities in Bluff City, TN. Quotes may also be provided via the supply of adequate photos to permit accurate assessment of the repairs needed.

Kintronic Labs also provides **FIELD SERVICE** for the purpose of identifying and making repairs on site if this is preferred.

CONTACT US TODAY! WE ARE READY TO ASSIST YOU IN RESTORING YOUR FACILITIES FOR LONG TERM RELIABLE OPERATION.
