KINTRONIC

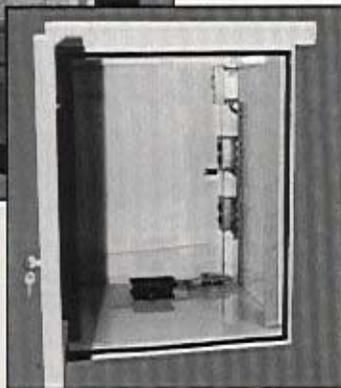

LABS

Kintronic Labs (KLT) Offers Versatile Equipment Rack Enclosures for Any Application

All indoor and outdoor rack enclosures manufactured by KTL are of heavy duty aluminum construction to yield maximum service life in diverse climatic conditions. The indoor and outdoor enclosures are available in standard or custom sizes to meet the customer's specific requirements. The indoor rack enclosures are available in a fully assembled version or in a knockdown configuration in order to minimize shipping costs. The outdoor racks can be supplied with thermostatic controls for extreme heat or cold conditions. A complete line of accessories is available for both the indoor and outdoor rack enclosures. Both indoor and outdoor enclosures are offered in a standard color scheme. Optional colors are available upon request.

Outdoor Rack

STANDARD FEATURES:

I Indoor **O** Outdoor

Construction

- I** Heavy duty aluminum construction for long trouble-free service life. Separate base, top and sides of formed and welded 10 gauge aluminum sheet. Welded or knockdown models are available. All metal fabrication, welding, painting, testing and packing for shipment are done in the Kintronics plant.
- O** Heavy duty aluminum welded construction for long trouble-free service life. Single housing with weatherproof top; weather sealed front and rear hinged, keylocked doors; vent plugs; 19-inch rack rails and provisions for mounting on two vertical uprights. All metal fabrication, welding, painting, testing and packing for shipment are done in the Kintronics plant.

Assembly Options

- I** Standard Indoor Equipment Racks are offered as a *complete welded assembly* or as a *knockdown* version to minimize shipping costs. These racks can also be supplied in an open frame version without side panels.
- O** The Outdoor Equipment Racks are only offered in the assembled form as described under the construction features.

Custom Designs

- I** Standard Indoor/Outdoor Rack sizes are available. However, unique sizes specific to the customer's requirements are available upon request.

Color Options

- I** The standard color scheme for Indoor Racks is a dark blue finish on the cabinet and light blue on the filler panels and related accessories. Paint color schemes to match other equipment being used in conjunction with the racks can be provided.
- O** The standard color for the Outdoor Racks is off-white. Again other colors are available upon request.

Multi-Bay Options

- I** The Standard Indoor Racks are offered in a Multi-Bay configuration. Separate hardware kits are offered to assemble adjacent bays together. The Multi-Bay units can be supplied with or without side panels.
- O** The Outdoor Racks can be offered in a Multi-Bay configuration in accordance with the customer's requirements.

Complete Line of Accessories

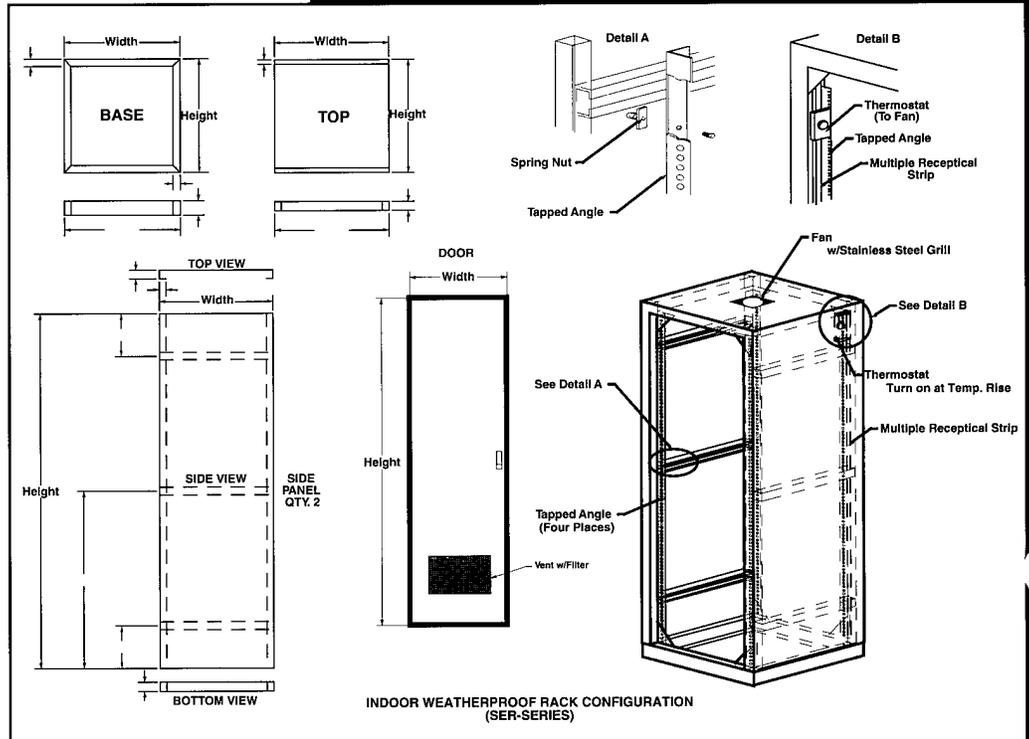

- I** Kintronics offers many accessories for the Indoor or Outdoor Equipment Racks as listed under Equipment Rack Accessories. Custom accessories not listed are also available upon request.
